28<sup>th</sup> October 2002

Dear Sirs

**Subject: JW McLean – Structured Cabling**

This letter will serve as recommendation as to the capabilities and professionalism displayed on our JW McLean project completed in July 2001 at Invergordon by the following named company:

PCL  
Unit A  
Badentoy Business Centre  
Badentoy Crescent  
Portlethen  
ABERDEEN  
AB12 4YD

Jeanette Forbes and her staff were engaged by our company to design, engineer and install a 204 user network and telephone system.

The work commenced and was completed, commissioned and accepted by Certifying Authority to the satisfaction of both our client's nominated representatives and the writer in the specified timescale.

Transocean would have no hesitation in utilizing the services of PCL on any future project and would recommend the services provided to any prospective end user seeking a total Copper or Fibre Optic network cable installation.

Should any further clarification be required, please do not hesitate to contact the undersigned on 01224 427937

Yours sincerely

A handwritten signature in black ink, appearing to read 'G. Winpenny'.

Gary Winpenny
